Branding

This is the logo of my website, which gives great look to my web as making great impression to viewer, this is simple design which looks like creative design.

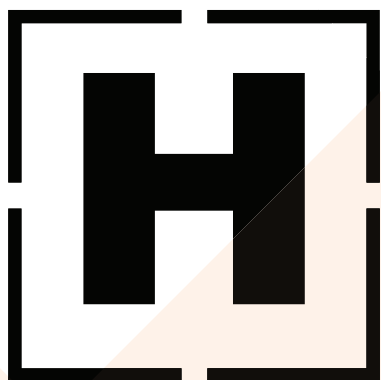

I have given better space and it makes logo to be visible at all sizes.

This logo contains variety of colors which gives it shining, different colors makes it great logo.

In black and white logo, it could use for transforming from colors to white and black, which could be great for displaying it at any product.
